## 4.1—RESIDENCE REQUIREMENTS

Definitions:

“Reside” means to be physically present and to maintain a permanent place of abode for an average of no fewer than four (4) calendar days and nights per week for a primary purpose other than school attendance.

“Resident” means a student whose parents, legal guardians, persons having legal, lawful control of the student under order of a court, or persons standing in loco parentis reside in the school district.

“Residential address” means the physical location where the student’s parents, legal guardians, persons having legal, lawful control of the student under order of a court, or persons standing in loco parentis reside. A student may use the residential address of a legal guardian, person having legal, lawful control of the student under order of a court, or person standing in loco parentis only if the student resides at the same residential address and if the guardianship or other legal authority is not granted solely for educational needs or school attendance purposes.

The schools of the District shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and twenty one (21) years whose parents, legal guardians, or other persons having lawful control of the person under an order of a court reside within the District and to all persons between those ages who have been legally transferred to the District for educational purposes.

Any person eighteen (18) years of age or older may establish a residence separate and apart from his or her parents or guardians for school attendance purposes.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the District’s schools separate and apart from his or her parents, guardians, or other persons having lawful control of him or her under an order of a court, the person must actually reside in the District for a primary purpose other than that of school attendance. However, a student previously enrolled in the district who is placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty may continue to attend district schools.

Under instances prescribed in A.C.A. § 6-18-203, a child or ward of an employee of the district or of the education coop to which the district belongs may enroll in the district even though the employee and his/her child or ward reside outside the district.

## **4.2—ENTRANCE REQUIREMENTS**

To enroll in a school in the District, the child must be a resident of the District as defined in District policy (4.1—RESIDENCE REQUIREMENTS), meet the criteria outlined in policy 4.40—HOMELESS STUDENTS, be accepted as a transfer student under the provisions of policy 4.4, or participate under a school choice option and submit the required paperwork as required by the choice option.

Students may enter kindergarten if they will attain the age of five (5) on or before September 1 of the year in which they are seeking initial enrollment. Any student who has been enrolled in a state-accredited or state-approved kindergarten program in another state for at least sixty (60) days, who will become five (5) years old during the year in which he/she is enrolled in kindergarten, and who meets the basic residency requirement for school attendance may be enrolled in kindergarten upon written request to the District.

A child who was enrolled in and attended a state-approved prekindergarten program for children four (4) years of age for a minimum of one hundred (100) days during the 2008-09 school year is eligible to enroll in kindergarten for the 2009-10 school year if the child will be at least 5 years of age no later than September 15 of the 2009-10 school year.

A child who was enrolled in and attended a state-approved prekindergarten program for children three (3) years of age for a minimum of one hundred (100) days during the 2008-09 school year and also enrolled in and attended a state-approved prekindergarten program for a minimum of one hundred (100) days during the 2009-10 school year will be eligible to enroll in kindergarten for the 2010-11 school year if the child will be at least five (5) of age no later than September 15 of the 2010-11 school year.

Any child who will be six (6) years of age on or before October 1 of the school year of enrollment and who has not completed a state-accredited kindergarten program shall be evaluated by the district and may be placed in the first grade if the results of the evaluation justify placement in the first grade and the child's parent or legal guardian agrees with placement in the first grade; otherwise the child shall be placed in kindergarten.

Any child may enter first grade in a District school if the child will attain the age of six (6) years during the school year in which the child is seeking enrollment and the child has successfully completed a kindergarten program in a public school in Arkansas.

Any child who has been enrolled in the first grade in a state-accredited or state-approved elementary school in another state for a period of at least sixty (60) days, who will become age six (6) years during the school year in which he/she is enrolled in grade one (1), and who meets the basic residency requirements for school attendance may be enrolled in the first grade.

Students who move into the District from an accredited school shall be assigned to the same grade as they were attending in their previous school (mid-year transfers) or as they would have been assigned in their previous school. Home-schooled students shall be evaluated by the District to determine their appropriate grade placement.

The district shall make no attempt to ascertain the immigration status, legal or illegal, of any student or his/her parent or legal guardian presenting for enrollment.

Prior to the child's admission to a District school:

1. The parent, guardian, or other responsible person shall furnish the child's social security number, or if they request, the district will assign the child a nine (9) digit number designated by the department of education.
2. The parent, guardian, or other responsible person shall provide the district with one (1) of the following documents indicating the child's age:
  - a. A birth certificate;
  - b. A statement by the local registrar or a county recorder certifying the child's date of birth;
  - c. An attested baptismal certificate;
  - d. A passport;
  - e. An affidavit of the date and place of birth by the child's parent or guardian;
  - f. United States military identification; or
  - g. Previous school records.
3. The parent, guardian, or other responsible person shall indicate on school registration forms whether the child has been expelled from school in any other school district or is a party to an expulsion proceeding. The Board of Education reserves the right, after a hearing before the Board, not to allow any person who has been expelled from another school district to enroll as a student until the time of the person's expulsion has expired.
4. The child shall be age appropriately immunized from poliomyelitis, diphtheria, tetanus, pertussis, red (rubeola) measles, rubella, and other diseases as designated by the State Board of Health, or have an exemption issued by the Arkansas Department of Health. Proof of immunization shall be by a certificate of a licensed physician or a public health department acknowledging the immunization. Exemptions are also possible on an annual basis for religious reasons from the Arkansas Department of Health. To continue such exemptions, they must be renewed at the beginning of each school year. A child enrolling in a district school and living in the household of a person on active military duty has thirty (30) days to receive his/her initial required immunizations and twelve (12) months to be up to date on the required immunizations for the student's age.

A student enrolled in the District who has an immunization exemption may be removed from school during an outbreak of the disease for which the student is not vaccinated at the discretion of the Arkansas Department of Health. The student may not return to the school until the outbreak has been resolved and the student's return to school is approved by the Arkansas Department of Health.

#### **Uniformed Services Member's Children**

For the purposes of this policy,

"active duty members of the uniformed services" includes members of the National Guard and Reserve on active duty orders pursuant to 10 U.S.C. Section 1209 and 1211;

"uniformed services" means the Army, Navy, Air Force, Marine Corps, Coast Guard as well as the Commissioned Corps of the National Oceanic and Atmospheric Administration, and Public Health Services;

"veteran" means: a person who served in the uniformed services and who was discharged or released there from under conditions other than dishonorable.

This policy applies to children of: active duty members of the uniformed services; members or veterans of the uniformed services who are severely injured and medically discharged or retired for a period of one (1) year after medical discharge or retirement; and members of the uniformed services who die on active duty or as a result of injuries sustained on active duty for a period of one (1) year after death.

An eligible child as defined in this policy shall:

1. be allowed to continue his/her enrollment at the grade level commensurate with his/her grade level he/she was in at the time of transition from his/her previous school, regardless of age;
2. be eligible for enrollment in the next highest grade level, regardless of age if the student has satisfactorily completed the prerequisite grade level in his/her previous school;
3. enter the District's school on the validated level from his/her previous accredited school when transferring into the District after the start of the school year;
4. be enrolled in courses and programs the same as or similar to the ones the student was enrolled in his/her previous school to extent that space is available. This does not prohibit the District from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the courses/and/or programs;
5. be provided services comparable to those the student with disabilities received in his/her previous school based on his/her previous Individualized Education Program (IEP). This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
6. make reasonable accommodations and modifications to address the needs of an incoming student with disabilities, subject to an existing 504 or Title II Plan, necessary to provide the student with equal access to education. This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
7. be enrolled by an individual who has been given the special power of attorney for the student's guardianship. The individual shall have the power to take all other actions requiring parental participation and/or consent;
8. be eligible to continue attending District schools if he/she has been placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty.

### **4.3—COMPULSORY ATTENDANCE REQUIREMENTS**

Every parent, guardian, or other person having custody or charge of any child age five (5) through seventeen (17) years on or before September 15 of that year who resides, as defined by policy (RESIDENCE REQUIREMENTS), within the District shall enroll and send the child to a District school with the following exceptions.

1. The child is enrolled in private or parochial school.
2. The child is being home-schooled and the conditions of policy (HOME SCHOOLING) have been met.
3. The child will not be age six (6) on or before September 15 of that particular school year and the parent, guardian, or other person having custody or charge of the child elects not to have him/her attend kindergarten. A kindergarten waiver form prescribed by regulation of the Department of Education must be signed and on file with the District administrative office.
4. The child has received a high school diploma or its equivalent as determined by the State Board of Education.
5. The child is age sixteen (16) or above and is enrolled in a post-secondary vocational-technical institution, a community college, or a two-year or four-year institution of higher education.

## 4.4—STUDENT TRANSFERS

The Jasper School District shall review and accept or reject requests for transfers, both into and out of the district, on a case by case basis at the July and December regularly scheduled board meetings.

The District may reject a nonresident's application for admission if its acceptance would necessitate the addition of staff or classrooms, exceed the capacity of a program, class, grade level, or school building, or cause the District to provide educational services not currently provided in the affected school. The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.

Any student transferring from a school accredited by the Department of Education to a school in this district shall be placed into the same grade the student would have been in had the student remained at the former school.

Any student transferring from home school or a school that is not accredited by the Department of Education to a District school shall be evaluated by District staff to determine the student's appropriate grade placement.

The Board of Education reserves the right, after a hearing before the Board, not to allow any person who has been expelled from another district to enroll as a student until the time of the person's expulsion has expired.

The responsibility for transportation of any nonresident student admitted to a school in this District shall be borne by the student or the student's parents. The District and the resident district may enter into a written agreement with the student or student's parents to provide transportation to or from the District, or both.

## **4.5—SCHOOL CHOICE**

### **Definition**

"sibling" means each of two (2) or more children having a common parent in common by blood, adoption, marriage, or foster care.

### **Transfers Into the District**

#### **Capacity Determination and Public Pronouncement**

The Board of Directors will adopt a resolution containing the capacity standards for the District. The resolution will contain the acceptance determination criteria identified by academic program, class, grade level, and individual school. The school is not obligated to add any teachers, other staff, or classrooms to accommodate choice applications. The District may only deny a Standard School Choice application if the District has a lack of capacity by the District having reached ninety percent (90%) of the maximum student population in a program, class, grade level, or school building authorized by the Standards or other State/Federal law.

The District shall advertise in appropriate broadcast media and either print media or on the Internet to inform students and parents in adjoining districts of the range of possible openings available under the School Choice program. The public pronouncements shall state the application deadline and the requirements and procedures for participation in the program. Such pronouncements shall be made in the spring, but in no case later than March 1.

#### **Application Process**

The student's parent shall submit a school choice application on a form approved by ADE to this district. The transfer application must be postmarked or hand delivered on or before May 1 of the year preceding the fall semester the applicant would begin school in the District. The District shall date and time stamp all applications as they are received in the District's central office. It is the District's responsibility to send a copy of the application that includes the date and time stamp to the student's resident district. Applications postmarked or hand delivered on or after May 2 will not be accepted. Statutorily, preference is required to be given to siblings of students who are already enrolled in the District. Therefore, siblings whose applications fit the capacity standards approved by the Board of Directors may be approved ahead of an otherwise qualified non-sibling applicant who submitted an earlier application as identified by the application's date and time stamp.

The approval of any application for a choice transfer into the District is potentially limited by the applicant's resident district's statutory limitation of losing no more than three percent (3%) of its past year's student enrollment due to Standard School Choice. As such, any District approval of a choice application prior to July 1 is provisional pending a determination that the resident district's three percent (3%) cap has not been reached.

The Superintendent will consider all properly submitted applications for School Choice. By July 1, the Superintendent shall notify the parent and the student's resident district, in writing, of the decision to accept or reject the application.

### **Accepted Applications**

Applications which fit within the District's stated capacity standards shall be provisionally accepted, in writing, with the notification letter stating a reasonable timeline by which the student shall enroll in the District by taking the steps detailed in the letter, including submission of all required documents. If the student fails to enroll within the stated timeline, or if all necessary steps to complete the enrollment are not taken, or examination of the documentation indicates the applicant does not meet the District's stated capacity standards, the acceptance shall be null and void.

A student, whose application has been accepted and who has enrolled in the District, is eligible to continue enrollment until completing his/her secondary education. Continued enrollment is conditioned upon the student meeting applicable statutory and District policy requirements. Any student who has been accepted under choice and who either fails to initially enroll under the timelines and provisions provided in this policy or who chooses to return to his/her resident district voids the transfer and must reapply if, in the future, the student seeks another school choice transfer. A subsequent transfer application will be subject to the capacity standards applicable to the year in which the application is considered by the District.

A present or future sibling of a student who continues enrollment in this District may enroll in the District by submitting a Standard School Choice application. Applications of siblings of presently enrolled choice students are subject to the provisions of this policy including the capacity standards applicable to the year in which the sibling's application is considered by the District. A sibling who enrolls in the District through Standard School choice is eligible to remain in the District until completing his/her secondary education.

Students whose applications have been accepted and who have enrolled in the district shall not be discriminated against on the basis of gender, national origin, race, ethnicity, religion, or disability.

### **Rejected Applications**

The District may reject an application for a transfer into the District under Standard School Choice due to a lack of capacity. However, the decision to accept or reject an application may not be based on the student's previous academic achievement, athletic or other extracurricular ability, English proficiency level, or previous disciplinary proceedings other than a current expulsion.

An application may be provisionally rejected if it is for an opening that was included in the District's capacity resolution, but was provisionally filled by an earlier applicant. If the provisionally approved applicant subsequently does not enroll in the District, the provisionally rejected applicant could be provisionally approved and would have to meet the acceptance requirements to be eligible to enroll in the district.

Rejection of applications shall be in writing and shall state the reason(s) for the rejection. A student whose application was rejected may request a hearing before the State Board of Education to reconsider the application which must be done, in writing to the State Board within ten (10) days of receiving the rejection letter from the District.

Any applications that are denied due to the student's resident district reaching the three percent (3%) limitation cap shall be given priority for a choice transfer the following year in the order that the District received the original applications.

### **Transfers Out of the District**

All Standard School Choice applications shall be granted unless the approval would cause the District to have a net enrollment loss (students transferring out minus those transferring in) of more than three percent (3%) of the average daily membership on October 15 of the immediately preceding year. By December 15 of each year, ADE shall determine and notify the District of the net number of allowable choice transfers. For the purpose of determining the three percent (3%) cap, siblings are counted as one student, and students are not counted if the student transfers from a school or district in:

- Academic Distress under either A.C.A. § 6-15-430(c)(1) or A.C.A. § 6-18-227; or
- Facilities Distress under A.C.A. § 6-21-812.

If, prior to July 1, the District receives sufficient copies of requests from other districts for its students to transfer to other districts to trigger the three percent (3%) cap, it shall notify each district the District received Standard School Choice applications from that it has tentatively reached the limitation cap. The District will use confirmations of approved choice applications from receiving districts to make a final determination of which applications it received that exceeded the limitation cap and notify each district that was the recipient of an application to that effect.

### **Facilities Distress School Choice Applications**

There are a few exceptions from the provisions of the rest of this policy that govern choice transfers triggered by facilities distress. Any student attending a school district that has been identified as being in facilities distress may transfer under the provisions of this policy, but with the following four (4) differences.

- The receiving district cannot be in facilities distress;
- The transfer is only available for the duration of the time the student's resident district remains in distress;
- The student is not required to meet the June 1 application deadline; and
- The student's resident district is responsible for the cost of transporting the student to this District's school.

### **Opportunity School Choice**

### **Transfers Into or Within the District**

For the purposes of this section of the policy, a “lack of capacity” is defined as when the receiving school has reached the maximum student-to-teacher ratio allowed under federal or state law, the ADE Rules for the Standards of Accreditation, or other applicable rules. There is a lack of capacity if, as of the date of the application for Opportunity School Choice, ninety-five percent (95%) or more of the seats at the grade level at the nonresident school are filled.

Unless there is a lack of capacity at the District’s school or the transfer conflicts with the provisions of a federal desegregation order applicable to the District, a student who is enrolled in or assigned to a school classified by the ADE to be in academic distress is eligible to transfer to the school closest to the student’s legal residence that is not in academic distress. The student’s parent or guardian, or the student if over the age of eighteen (18), must successfully complete the necessary application process by July 30 preceding the initial year of desired enrollment.

Within thirty (30) days from receipt of an application from a student seeking admission under this section of the policy, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, whether the Opportunity School Choice application has been accepted or rejected. The notification shall be sent via First-Class Mail to the address on the application.

If the application is accepted, the notification letter shall state the deadline by which the student must enroll in the receiving school or the transfer will be null and void.

If the District rejects the application, the District shall state in the notification letter the specific reasons for the rejection. A parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal the District’s decision to deny the application to the State Board of Education. The appeal must be in writing to the State Board of Education via certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the notice of rejection was received from the District.

A student’s enrollment under Opportunity School Choice is irrevocable for the duration of the school year and is renewable until the student completes high school or is beyond the legal age of enrollment. This provision for continuing eligibility under Opportunity Choice does not negate the student's right to apply for transfer to a district other than the student's assigned school or resident district under the Standard School Choice provisions of this policy.

The District may, but is not obligated to provide transportation to and from the transferring district.

Transfers out of, or within, the District

If a District school or the District has been classified by the ADE as being in academic distress the District shall timely notify the parent, guardian, or student, if the student is over eighteen (18) years of age, as soon as practicable after the academic distress designation is made of all options available under Opportunity Choice. The District shall offer the parent or guardian, or the student if the student is over eighteen (18) years of age, an opportunity to enroll the student in any public school or school district that has not been classified by the ADE as a public school or school district in academic distress.

Additionally, the District shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

## **4.5F--SCHOOL CHOICE CAPACITY RESOLUTION**

Whereas:

The Board of Directors of the Jasper School District has approved by a vote of the Board, the following capacity resolution for school choice applicants for the 2015-2016 school-year under the provisions of policy 4.5—SCHOOL CHOICE and applicable Arkansas law.

- Applicants, whose applications meet the provision of policy 4.5—SCHOOL CHOICE, will be sent a provisional acceptance notification letter which will give instructions on the necessary steps and timelines to enroll in the District. Provisional acceptance shall be determined prior to July 1 with a final decision to be made by July 1 based on the district's available capacity for each academic program, class, grade level, and individual school.
- Applications that are not received on or before May 1, are to a student's resident district that has declared itself exempt due to an existing desegregation order, or, the acceptance of which would exceed the applicant's resident district's statutory limitation on student transfers out of its district will not be accepted.
- The district reserves to itself the ability to determine, based on an examination of student records obtained from the prior district, and other information, whether any student would require a different class, course or courses, program of instruction, or special services than originally applied for. If such an examination determines that capacity has been reached in the appropriate class, course or program of instruction, or that additional staff would have to be hired for the applicant, the District shall rescind the original provisional acceptance letter and deny the Choice transfer for that student.
- The district reserves to itself the ability to decline to accept under school choice any student whose acceptance would require the district to add additional staff, for any reason.

THEREFORE, let it be resolved that these shall constitute the School Choice openings at the beginning of the School Choice Enrollment period for the school-year 2015-2016.

## 4.5F3--SCHOOL CHOICE ACCEPTANCE LETTER

Dear Parent's name,

I am pleased to inform you that the application you submitted for student's name has been accepted pending enrollment of student's name by insert date, however, failure to enroll student's name by this date will render this offer of acceptance null and void.

I look forward to welcoming student's name as part of the school or District's name and/or mascot.

Once your child has enrolled in school with us this coming school-year, student's name will be eligible to continue enrollment in the district until completing high school or is beyond the legal age of enrollment provided the student meets the applicable statutory and District policy requirements all other District students must meet (with the exception of residency in the District) to continue District enrollment. This information is contained in the student handbook.

**Please Note:** The "insert District's name" has no control over when a student's resident district might reach its statutory limit on allowable transfers out of its district. While we consider it unlikely, there is always the possibility that we could be forced to withdraw this acceptance if the resident district determines it reached its statutory cap for transfers out of its district prior to your student's application date to our District. You will be notified immediately should that rescission of acceptance be necessary. We apologize for this unavoidable uncertainty.

Respectfully,

Insert name  
Insert position/title

## 4.6—HOME SCHOOLING

Parents or legal guardians desiring to provide a home school for their children must give written notice to the Superintendent of their intent to do so and sign a waiver acknowledging that the State of Arkansas is not liable for the education of their children during the time the parents choose to home school. Notice shall be given:

1. At the beginning of each school year, but no later than August 15;
2. By December 15 for parents who decide to start home schooling at the beginning of the spring semester; or
3. Fourteen (14) calendar days prior to withdrawing the child (provided the student is not currently under disciplinary action for violation of any written school policy, including, but not limited to, excessive absences) and at the beginning of each school year thereafter.

The parents or legal guardians shall deliver written notice in person to the Superintendent the first time such notice is given and the notice must include:

1. The name, date of birth, grade level, and the name and address of the school last attended, if any;
2. The location of the home school;
3. The basic core curriculum to be offered;
4. The proposed schedule of instruction; and
5. The qualifications of the parent-teacher.

To aid the District in providing a free and appropriate public education to students in need of special education services, the parents or legal guardians home-schooling their children shall provide information which might indicate the need for special education services.

## 4.7—ABSENCES

If any student's Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student's IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students' regular attendance at school is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement.

### Excused Absences

Excused absences are those where the student was on official school business or when the absence was due to one of the following reasons and the student brings a written statement to the principal or designee upon his/her return to school from the parent or legal guardian stating such reason. A written statement presented for an absence having occurred more than five (5) school days prior to its presentation will **not** be accepted.

1. The student's illness or when attendance could jeopardize the health of other students. A maximum of six (6) such days are allowed per semester unless the condition(s) causing such absences is of a chronic or recurring nature, is medically documented, and approved by the principal.
2. Death or serious illness in their immediate family;
3. Observance of recognized holidays observed by the student's faith;
4. Attendance at an appointment with a government agency;
5. Attendance at a medical appointment;
6. Exceptional circumstances with prior approval of the principal; or
7. Participation in an FFA, FHA, or 4-H sanctioned activity;
8. Participation in the election poll workers program for high school students.
9. Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting. The number of additional excused absences shall be at the discretion of the superintendent or designee.
10. Absences granted, at the Superintendent's discretion, to seventeen (17) year-old students who join the Arkansas National Guard while in eleventh grade to complete basic combat training between grades eleven (11) and (12).

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.

It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Excessive absences may, however, be the basis for the denial of course credit, promotion, or graduation.

### **Unexcused Absences**

Absences not defined above or not having an accompanying note from the parent or legal guardian, presented in the timeline required by this policy, shall be considered as unexcused absences. Students with 11 unexcused absences in a course in a semester shall not receive credit for that course. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

When a student has 5 unexcused absences, his/her parents, guardians, or persons in loco parentis shall be notified. Notification shall be by telephone by the end of the school day in which such absence occurred or by regular mail with a return address sent no later than the following school day.

Whenever a student exceeds 10 unexcused absences in a semester, the District shall notify the prosecuting authority and the parent, guardian, or persons in loco parentis shall be subject to a civil penalty as prescribed by law.

At any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, guardian, or person in loco parentis may petition the school or district's administration for special arrangements to address the student's unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The agreement shall be signed by the student, the student's parent, guardian, or person in loco parentis, and the school or district administrator or designee.

Students who attend in-school suspension shall not be counted absent for those days.

Days missed due to out-of-school suspension or expulsion shall be unexcused absences.

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student's operator's license unless he/she meets certain requirements specified in the statute.

Applicants for an instruction permit or for a driver's license by persons less than eighteen (18) years old on October 1 of any year are required to provide proof of a high school diploma or enrollment and regular attendance in an adult education program or a public, private, or parochial school prior to receiving an instruction permit. To be issued a driver's license, a student enrolled in school shall present proof of a "C"

average for the previous semester or similar equivalent grading period for which grades are reported as part of the student's permanent record.

**Notes:** If your district's penalties for absences include an impact on the student's grades, it is important to note that A.C.A. § 9-28-113(f) prohibits the lowering of grades of foster children for absences due to 1) a change in the student's school enrollment; 2) the student's attendance at a court ordered dependency-neglect court proceeding; or 3) the student's attendance at a court-ordered counseling or treatment.

## 4.8—MAKE-UP WORK

**Instructors in grades K-6 are to have a procedure in place for students who are absent to receive missed classwork/assignments.**

Students in Grades 7-12

Students who miss school due to an excused absence shall be allowed to make up the work they missed during their absence under the following rules.

1. Students are responsible for asking the teachers of the classes they missed what assignments they need to make up.
2. Teachers are responsible for providing the missed assignments when asked by a returning student.
3. Students are required to ask for their assignments on their first day back at school or their first class day after their return.
4. Make up tests are to be rescheduled at the discretion of the teacher, but must be aligned with the schedule of the missed work to be made up.
5. Students shall have one class day to make up their work for each class day they are absent.
6. Make up work which is not turned in within the make up schedule for that assignment shall receive a zero.
7. Students are responsible for turning in their make up work without the teacher having to ask for it.
8. Students who are absent on the day their make up work is due must turn in their work the day they return to school whether or not the class for which the work is due meets the day of their return.
9. As required/permitted by the student's Individual Education Program or 504 Plan.
10. Students who are found to be truant will not be allowed to make up major tests and assignments. Students suspended will not be allowed to make up work for the suspensions and will receive a zero for work missed.
11. Work may not be made up for credit for absences in excess of the number of allowable absences in a semester unless the absences are part of a signed agreement as permitted by

policy 4.7—ABSENCES.

**Note: In cases of absolute deadlines for long term projects (projects that are assigned for at least 15 days), research papers, etc., the work must be turned in on the first day the student returns from the absence. Students will be given a grade of zero percent if the long term project is not returned when the student returns to school from the absence.**

#### **EXEMPTION FROM END OF SEMESTER EXAMS**

1. With an "A" average and no more than three (3) absences in a course, a student may be exempt from the exam.
2. With a "B" average and no more than two (2) absences in a course, a student may be exempt from the exam.
- 3. With a "C" average and zero (0) days/periods absence, a student may be exempt from the exam.**

#### **Truancy:**

Truancy is defined as the following: not attending school after leaving home to do so, leaving school without permission of the office, not attending a class the student is enrolled in without a legitimate pass to do so, and leaving class without permission.

1. Students and their parents/guardians hold the main responsibility for school attendance and for the following policy. The School Board asks for the cooperation of both the student and parent/guardians in these matters so that the student can receive the best education possible.
2. Any student who fails to follow all or any part of the assigned schedule, whether the student is on or off campus, without checking out at the Office, will be considered truant, and the student will not receive credit for the time truant.

## **4.9—TARDIES**

Promptness is an important character trait that District staff is to encourage to model and help develop in our schools' students. At the same time, promptness is the responsibility of each student. Students who are late to class show a disregard for both the teacher and their classmates which compromises potential student achievement.

#### **4.10—CLOSED CAMPUS**

All schools in the District shall operate closed campuses. Students are required to stay on campus from their arrival until dismissal at the end of the regular school day-unless given permission to leave the campus by a school official. If given permission to leave; a doctor's note, court note, driver's test, or a parent/guardian returning with the student is the only way a student will be permitted to check back into school. Students must sign out in the office upon departure.

#### **4.11—EQUAL EDUCATIONAL OPPORTUNITY**

No student in the Jasper School District shall, on the grounds of race, color, religion, national origin, sex, age, or disability be excluded from participation in, or denied the benefits of, or subjected to discrimination under any educational program or activity sponsored by the District.

## 4.12—STUDENT ORGANIZATIONS/EQUAL ACCESS

Non curriculum-related secondary school student organizations wishing to conduct meetings on school premises during non instructional time shall not be denied equal access on the basis of the religious, political, philosophical, or other content of the speech at such meetings. Such meetings must meet the following criteria.

1. The meeting is to be voluntary and student initiated;
2. There is no sponsorship of the meeting by the school, the government, or its agents or employees;
3. The meeting must occur during non instructional time;
4. Employees or agents of the school are present at religious meetings only in a non participatory capacity;
5. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and
6. Nonschool persons may not direct, conduct, control, or regularly attend activities of student groups.

All meetings held on school premises must be scheduled and approved by the principal. The school, its agents, and employees retain the authority to maintain order and discipline, to protect the well being of students and faculty, and to assure that attendance of students at meetings is voluntary.

Fraternalities, sororities, and secret societies are forbidden in the District's schools. Membership to student organizations shall not be by a vote of the organization's members, nor be restricted by the student's race, religion, sex, national origin, or other arbitrary criteria.

## 4.13 – PRIVACY OF STUDENTS’ RECORDS/ DIRECTORY INFORMATION

All students’ educational records are available for inspection and copying by the parents of any student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student’s records transfers to the student. A student’s parent or the student, if over the age of 18, requesting to review the student’s education records will be allowed to do so within no more than forty five (45) days of the request. The district forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll.

The district shall receive written permission before releasing educational records to any agency or individual not authorized by law to receive and/or view the educational records without prior parental permission. The District shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information from the education records of each student. Disclosure of education records is authorized by law to school officials with legitimate educational interests. A personal record kept by a school staff member is **not** considered an education record if it meets the following tests.

- It is in the sole possession of the individual who made it;
- It is used only as a personal memory aide; and
- Information contained in it has never been revealed or made available to any other person, except the maker’s temporary substitute.

For the purpose of this policy a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

For the purpose of this policy a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of elected office.

The District discloses personally identifiable information from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release personally identifiable information in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the District determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education

records to any person whose knowledge of the information is necessary to protect the health or safety of the students or other individuals.

For purposes of this policy, the Jasper School District does not distinguish between a custodial and noncustodial parent with respect to gaining access to a student's records. The fact of a person's status as parent or guardian, alone, enables that parent or guardian to review and copy his child's records.

If there exists a court order which directs that a parent not have access to a student or his records, the parent or guardian must present a file-marked copy of such order to the building principal and the Superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court which issued the order.

A parent or guardian does not have the right to remove any material from a student's records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student file must be initiated with the building principal, with an appeal available to the Superintendent or his designee. Any appeal above that level will be subject to the procedure set out in federal law and/or regulation.

Unless the parent or guardian of a student (or student, if above the age of eighteen [18]) objects, directory information about a student may be made available to the public, military recruiters, post secondary educational institutions, prospective employers of those students, as well as school publications such as annual yearbooks and graduation announcements. "Directory information" includes, but is not limited to, a student's name, address, telephone number, electronic mail address, photograph, date and place of birth, classes in which he/she is enrolled, his/her placement on the honor role (or the receipt of other types of honors), as well as his/her participation in school clubs and extracurricular activities, among others. If the student participates in inherently public activities (for example, basketball, football, or other interscholastic activities), the publication of such information will be beyond the control of the District. A student's name and photograph will only be displayed on the district or school's web page(s) after receiving the written permission from the student's parent or student if over the age of 18. "Directory information" also includes a student identification (ID) number, user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems and a student ID number or other unique personal identifier that is displayed on a student's ID badge, provided the ID cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password or other factor known or possessed only by the authorized user

The form for objecting to making directory information available is located in the back of the student handbook and must be completed and signed by the parent or age-eligible student and filed with the building principal's office no later than ten (10) school days after the beginning of each school year or the date the student is enrolled for school. Failure to file an objection by that time is considered a specific grant of permission.

## 4.13F—OBJECTION TO PUBLICATION OF DIRECTORY INFORMATION

(Not to be filed if the parent/student has no objection)

I, the undersigned, being a parent of a student, or a student eighteen (18) years of age or older, hereby note my objection to the disclosure or publication by the Jasper School District of directory information, as defined in Policy No. 4.13 (Privacy of Students' Records), concerning the student named below.

I understand that the participation by the below-named student in any interscholastic activity, including athletics and school clubs, may make the publication of some directory information unavoidable, and the publication of such information in other forms, such as telephone directories, church directories, *etc.*, is not within the control of the District.

I understand that this form must be filed with the office of the appropriate building principal within ten (10) school days from the beginning of the current school year or the date the student is enrolled for school in order for the District to be bound by this objection. Failure to file this form within that time is a specific grant of permission to publish such information.

I object and wish to deny the disclosure or publication of directory information as follows:

Deny disclosure to military recruiters \_\_\_\_\_

Deny disclosure to Institutions of postsecondary education \_\_\_\_\_

Deny disclosure to Potential employers \_\_\_\_\_

Deny disclosure to all public and school sources \_\_\_\_\_

Selecting this option will prohibit the release of directory information to the three categories listed above along with all other public sources (such as newspapers), **AND** result in the student's directory information **not** being included in the school's yearbook and other school publications.

Deny disclosure to all public sources \_\_\_\_\_

Selecting this option will prohibit the release of directory information to the first three categories listed above along with all other public sources (such as newspapers), but permit the student's directory information **to be included** in the school's yearbook and other school publications.

\_\_\_\_\_  
Name of student (Printed)

\_\_\_\_\_  
Signature of parent (or student, if 18 or older)

\_\_\_\_\_  
Date form was filed (To be filled in by office personnel)

**Note: your district does not have to include the separate options listed on this form, but students do have the right to opt out of either category separately.**

## **4.14 – STUDENT PUBLICATIONS AND THE DISTRIBUTION OF LITERATURE**

### **Student Publications**

All publications that are supported financially by the school or by use of school facilities, or are produced in conjunction with a class shall be considered school-sponsored publications. School publications do not provide a forum for public expression. Such publications, as well as the content of student expression in school-sponsored activities, shall be subject to the editorial control of the District's administration whose actions shall be reasonably related to legitimate pedagogical concerns and adhere to the following limitations.

1. Advertising may be accepted for publications that does not condone or promote products that are inappropriate for the age and maturity of the audience or that endorses such things as tobacco, alcohol, or drugs.
2. Publications may be regulated to prohibit writings which are, in the opinion of the appropriate teacher and/or administrator, ungrammatical, poorly written, inadequately researched, biased or prejudiced, vulgar or profane, or unsuitable for immature audiences.
3. Publications may be regulated to refuse to publish material which might reasonably be perceived to advocate drug or alcohol use, irresponsible sex, or conduct otherwise inconsistent with the shared values of a civilized social order, or to associate the school with any position other than neutrality on matters of political controversy.
4. Prohibited publications include:
  - a. Those that are obscene as to minors;
  - b. Those that are libelous or slanderous, including material containing defamatory falsehoods about public figures or governmental officials, which are made with knowledge of their falsity or reckless disregard of the truth;
  - c. Those that constitute an unwarranted invasion of privacy as defined by state law,
  - d. Publications that suggest or urge the commission of unlawful acts on the school premises;
  - e. Publications which suggest or urge the violation of lawful school regulations;
  - f. Hate literature that scurrilously attacks ethnic, religious, or racial groups.

### **Student Publications on School Web Pages**

Student publications that are displayed on school web pages shall follow the same guidelines as listed above plus they shall

1. Not contain any non-educational advertisements. Additionally, student web publications shall;
2. Adhere to the restrictions regarding use of Directory Information as prescribed in Policy 4.13 including not using a student's photograph when associated with the student's name unless written permission has been received from the student's parent or student if over the age of 18.

3. State that the views expressed are not necessarily those of the School Board or the employees of the district.

### **Student Distribution of Nonschool Literature, Publications, and Materials**

A student or group of students who distribute ten (10) or fewer copies of the same nonschool literature, publications, or materials (hereinafter “nonschool materials”), shall do so in a time, place, and manner that does not cause a substantial disruption of the orderly education environment. A student or group of students wishing to distribute more than ten (10) copies of nonschool materials shall have building principal or his/her designee review their nonschool materials at least three (3) school days in advance of their desired time of dissemination. School authorities shall review the nonschool materials, prior to their distribution and will bar from distribution those nonschool materials that are obscene, libelous, pervasively indecent, or advertise unlawful products or services. Material may also be barred from distribution if there is evidence that reasonably supports a forecast that a substantial disruption of the orderly operation of the school or educational environment will likely result from the distribution. Concerns related to any denial of distribution by the principal shall be heard by the superintendent, whose decision shall be final.

The school principal or designee shall establish reasonable regulations governing the time, place, and manner of student distribution of nonschool materials.

The regulations shall:

1. Be narrowly drawn to promote orderly administration of school activities by preventing disruption and may not be designed to stifle expression;
2. Be uniformly applied to all forms of nonschool materials;
3. Allow no interference with classes or school activities;
4. Specify times, places, and manner where distribution may and may not occur; and
5. Not inhibit a person’s right to accept or reject any literature distributed in accordance with the regulations.
6. Students shall be responsible for the removal of excess literature that is left at the distribution point for more than three (3) days.

The Superintendent, along with the student publications advisors, shall develop administrative regulations for the implementation of this policy. The regulations shall include definitions of terms and timelines for the review of materials.

## **4.15—CONTACT WITH STUDENTS WHILE AT SCHOOL**

### **CONTACT BY PARENTS**

Parents wishing to speak to their children during the school day shall register first with the office.

### **CONTACT BY NON-CUSTODIAL PARENTS**

If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or his/her designee establishing the parent's custody of the student. It shall be the responsibility of the custodial parent to make any court ordered "no contact" or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting visitation may eat lunch, volunteer in their child's classroom, or otherwise have contact with their child during school hours and the prior approval of the school's principal. Such contact is subject to the limitations outlined in Policy 4.16, Policy 6.5, and any other policies that may apply.

Unless prior arrangements have been made with the school's principal, Arkansas law provides that the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school's property on normal school days during normal hours of school operation.

### **CONTACT BY LAW ENFORCEMENT, SOCIAL SERVICES, OR BY COURT ORDER**

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Department of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis identified on student enrollment forms.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort

to get a message to the parent to call the principal or designee, and leave both a day and an after hours telephone number.

## **4.16—STUDENT VISITORS**

The board strongly believes that the purpose of school is for learning. Social visitors, generally, disrupt the classroom and interfere with learning that should be taking place. Therefore, visiting with students at school is strongly discouraged, unless approved by the principal and scheduled in advance. This includes visits made by former students, friends, and/or relatives of teachers or students. Any visitation to the classroom shall be allowed only with the permission of the school principal and all visitors must first register at the office.

## 4.17—STUDENT DISCIPLINE

The Jasper Board of Education has a responsibility to protect the health, safety, and welfare of the District's students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs: at any time on the school grounds; off school grounds at a school sponsored function, activity, or event; going to and from school or a school activity.

The District's administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to a felony or an act that would be considered a felony if committed by an adult, an assault or battery, drug law violations, or sexual misconduct of a serious nature. Any disciplinary action pursued by the District shall be in accordance with the student's appropriate due process rights.

The District's personnel policy committee shall review the student discipline policies annually and may recommend changes in the policies to the Jasper School Board. The Board shall approve any changes to student discipline policies.

The District's student discipline policies shall be distributed to each student during the first week of school each year and to new students upon their enrollment. Each student's parent or legal guardian shall sign and return to the school an acknowledgement form documenting that they have received the policies.

It is required by law that the principal or the person in charge report to the police any incidents the person has personal knowledge of or has received information leading to a reasonable belief that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall also inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a report has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the Board of Directors of any such report made to law enforcement.

The **minimum penalty** for student misconduct will be a **verbal warning** and the **maximum penalty** will be **expulsion** by the Board and/or legal action dependent upon the severity and frequency of the misconduct.

#### **4.19 – CONDUCT TO AND FROM SCHOOL AND TRANSPORTATION ELIGIBILITY**

Students are subject to the same rules of conduct while traveling to and from school as they are while on school grounds. Appropriate disciplinary actions may be taken against commuting students who violate student code of conduct rules.

The preceding paragraph also applies to student conduct while on school buses. Students shall be instructed in safe riding practices. The driver of a school bus shall not operate the school bus until every passenger is seated. Disciplinary measures for problems related to bus behavior shall include suspension or expulsion from school, or suspending or terminating the student's bus transportation privileges. ## **4.20—DISRUPTION OF SCHOOL**

No student shall by the use of violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or any other conduct, intentionally cause the disruption of any lawful mission, process, or function of the school, or engage in any such conduct for the purpose of causing disruption or obstruction of any lawful mission, process, or function. Nor shall any student encourage any other student to engage in such activities.

Disorderly activities by any student or group of students that adversely affect the school's orderly educational environment shall not be tolerated at any time on school grounds. Teachers may remove from class and send to the principal or principal's designee office a student whose behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to teach the students, the class, or with the ability of the student's classmates to learn. Students who refuse to leave the classroom voluntarily will be escorted from the classroom by the school administration.

## **4.21—STUDENT ASSAULT OR BATTERY**

A student shall not threaten, physically abuse, or attempt to physically abuse, or behave in such a way as to be perceived to threaten bodily harm to any other person (student, school employee, or school visitor). Any gestures, vulgar, abusive or insulting language, taunting, threatening, harassing, or intimidating remarks by a student toward another person that threatens their well-being is strictly forbidden. This includes, but is not limited to, fighting, racial, ethnic, religious, or sexual slurs.

Furthermore, it is unlawful, during regular school hours, and in a place where a public school employee is required to be in the course of his or her duties, for any person to address a public school employee using language which, in its common understanding, is calculated to: a) cause a breach of the peace; b) materially and substantially interfere with the operation of the school; c) arouse the person to whom it is addressed to anger, to the extent likely to cause imminent retaliation. Students guilty of such an offense may be subject to legal proceedings in addition to student disciplinary measures.

## **4.22—WEAPONS AND DANGEROUS INSTRUMENTS**

No student shall possess a weapon, display what appears to be a weapon, or threaten to use a weapon while in school, on or about school property, before or after school, in attendance at school or any school sponsored activity, en route to or from school or any school sponsored activity, off the school grounds at any school bus stop, or at any school sponsored activity or event. Military personnel, such as ROTC cadets, acting in the course of their official duties are excepted.

A weapon is defined as any firearm, knife, razor, ice pick, dirk, box cutter, numchucks, pepper spray or other noxious spray, explosive, or any other instrument or substance capable of causing bodily harm. For the purposes of this policy, "firearm" means any device designed, made, or adapted to expel a projectile by the action of an explosive or any device readily convertible to that use.

Possession means having a weapon, as defined in this policy, on the student's body or in an area under his/her control. If, prior to any questioning or search by any school personnel, a student discovers that he/she has accidentally brought a weapon, other than a firearm, to school including a weapon, other than a firearm, that is in a vehicle on school grounds, and the student informs the principal or a staff person immediately, the student will not be considered to be in possession of a weapon unless it is a firearm. The weapon shall be confiscated and held in the office until such time as the student's parent/legal guardian shall pick up the weapon from the school's office. Repeated offenses are unacceptable and shall be grounds for disciplinary action against the student as otherwise provided for in this policy.

Except as permitted in this policy, students found to be in possession on the school campus of a firearm shall be recommended for expulsion for a period of not less than one year. The superintendent shall have the discretion to modify such expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians of students expelled under this policy shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. Parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to readmitting the student. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall also be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The mandatory expulsion requirement for possession of a firearm does not apply to a firearm brought to school for the purpose of participating in activities approved and authorized by the district that include the use of firearms. Such activities may include ROTC programs, hunting safety or military education, or before- or after-school hunting or rifle clubs. Firearms brought to school for such purposes shall be brought to the school employee designated to receive such firearms. The designated employee shall store the firearms in a secure location until they are removed for use in the approved activity.

An occasional firearm inadvertently brought to school by a student will be permitted, but school property is not the place for firearms. Therefore, repeated "inadvertent firearms" will not be tolerated and shall be grounds for disciplinary action against the student as otherwise provided for in this policy.

The district shall report any student who brings a firearm to school to the criminal justice system or juvenile delinquency system by notifying local law enforcement.

## **4.23—TOBACCO AND TOBACCO PRODUCTS**

Smoking or use of tobacco or products containing tobacco in any form (including, but not limited to, cigarettes, cigars, chewing tobacco, and snuff) in or on any real property owned or leased by a District school, including school buses owned or leased by the District, is prohibited. Students who violate this policy may be subject to legal proceedings in addition to student disciplinary measures.

With the exception of recognized tobacco cessation products, this policy's prohibition includes any tobacco or nicotine delivery system or product. Specifically, the prohibition includes any product that is manufactured, distributed, marketed, or sold as e-cigarettes, e-cigars, e-pips, or under any other name or descriptor.

Note: The statute requires the statute's posting "...in a conspicuous location at every entrance to each building owned or leased by a public school district and every school bus used to transport students"

## **4.24—DRUGS AND ALCOHOL**

An orderly and safe school environment that is conducive to promoting student achievement requires a student population free from the deleterious effects of alcohol and drugs. Their use is illegal, disruptive to the educational environment, and diminishes the capacity of students to learn and function properly in our schools.

Therefore, no student in the Jasper School District shall possess, attempt to possess, consume, use, distribute, sell, attempt to sell, give to any person, or be under the influence of any substance as defined in this policy, or what the student represents or believes to be any substance as defined in this policy. This policy applies to any student who; is on or about school property; is in attendance at school or any school sponsored activity; has left the school campus for any reason and returns to the campus; is en route to or from school or any school sponsored activity.

Prohibited substances shall include, but are not limited to, alcohol, or any alcoholic beverage, inhalants that alter a student's ability to act, think, or respond, LSD, or any other hallucinogen, marijuana, cocaine, heroin, or any other narcotic drug, PCP, amphetamines, steroids, "designer drugs," look-alike drugs, or any controlled substance.

Selling, distributing, or attempting to sell or distribute, or using over-the-counter or prescription drugs not in accordance with the recommended dosage is prohibited.

Drug kits are available to parents, free of charge, until all are gone. See the school nurse to obtain a drug test kit.

## **4.25—STUDENT DRESS AND GROOMING**

The Jasper Board of Education recognizes that dress can be a matter of personal taste and preference. At the same time, the District has a responsibility to promote an environment conducive to student learning. This requires limitations to student dress and grooming that could be disruptive to the educational process because they are immodest, disruptive, unsanitary, unsafe, could cause property damage, or are offensive to common standards of decency.

The Superintendent shall establish student dress codes for the District's schools, to be included in the student handbook, and are consistent with the above criteria.

## **4.26—GANGS AND GANG ACTIVITY**

The Board is committed to ensuring a safe school environment conducive to promoting a learning environment where students and staff can excel. An orderly environment cannot exist where unlawful acts occur causing fear, intimidation, or physical harm to students or school staff. Gangs and their activities create such an atmosphere and shall not be allowed on school grounds or at school functions.

The following actions are prohibited by students on school property or at school functions:

1. Wearing or possessing any clothing, bandanas, jewelry, symbol, or other sign associated with membership in, or representative of, any gang;
2. Engaging in any verbal or nonverbal act such as throwing signs, gestures, or handshakes representative of membership in any gang;
3. Recruiting, soliciting, or encouraging any person through duress or intimidation to become or remain a member of any gang; and/or
4. Extorting payment from any individual in return for protection from harm from any gang.
5. Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion.

Students arrested for gang related activities occurring off school grounds shall be subject to the same disciplinary actions as if they had occurred on school grounds.

## 4.27—STUDENT SEXUAL HARASSMENT

The Jasper School District is committed to having an academic environment in which all students are treated with respect and dignity. Student achievement is best attained in an atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

Believing that prevention is the best policy, the District will periodically inform students and employees about the nature of sexual harassment, the procedures for registering a complaint, and the possible redress that is available. The information will stress that the district does not tolerate sexual harassment and that students can report inappropriate behavior of a sexual nature without fear of adverse consequences. The information will take into account and be appropriate to the age of the students.

It shall be a violation of this policy for any student to be subjected to, or to subject another person to, sexual harassment as defined in this policy. Any student found, after an investigation, to have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion.

Sexual harassment refers to unwelcome sexual advances, requests for sexual favors, or other personally offensive verbal, visual, or physical conduct of a sexual nature made by someone under any of the following conditions:

1. Submission to the conduct is made, either explicitly or implicitly, a term or condition of an individual's education;
2. Submission to, or rejection of, such conduct by an individual is used as the basis for academic decisions affecting that individual; and/or
3. Such conduct has the purpose or effect of substantially interfering with an individual's academic performance or creates an intimidating, hostile, or offensive academic environment.

The terms "intimidating," "hostile," and "offensive" include conduct of a sexual nature which has the effect of humiliation or embarrassment and is sufficiently severe, persistent, or pervasive that it limits the student's ability to participate in, or benefit from, an educational program or activity.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances. Depending upon such circumstances, examples of sexual harassment include, but are not limited to: unwelcome touching; crude jokes or pictures; discussions of sexual experiences; pressure for sexual activity; intimidation by words, actions, insults, or name calling; teasing related to sexual characteristics; and spreading rumors related to a person's alleged sexual activities.

Students who believe they have been subjected to sexual harassment, or parents of a student who believes their child has been subjected to sexual harassment, are encouraged to file a complaint by contacting a counselor, teacher, Title IX coordinator, or administrator who will assist them in the complaint process. Under no circumstances shall a student be required to first report allegations of sexual harassment to a school contact person if that person is the individual who is accused of the harassment.

To the extent possible, complaints will be treated in a confidential manner. Limited disclosure may be necessary in order to complete a thorough investigation. Students who file a complaint of sexual harassment will not be subject to retaliation or reprisal in any form.

Students who knowingly fabricate allegations of sexual harassment shall be subject to disciplinary action up to and including expulsion.

Individuals who withhold information, purposely provide inaccurate facts, or otherwise hinder an investigation of sexual harassment shall be subject to disciplinary action up to and including expulsion.

School personnel shall seize any laser pointer from the student possessing it and the student may reclaim it at the close of the school year, or when the student is no longer enrolled in the District.

## 4.29—COMPUTER/TECHNOLOGY USE POLICY

The Jasper School District makes computers and/or computer Internet access available to students, to permit students to perform research and to allow students to learn how to use computer technology. Use of district computers is for educational and/or instructional purposes only. It is the policy of this school district to equip each computer with Internet filtering software designed to prevent users from accessing material that is harmful to minors. For the purposes of this policy “harmful to minors” is defined as any picture, image, graphic image file, or other visual depiction that--

- (A) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;
- (B) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
- (C) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

No student will be granted Internet access until and unless a computer-use agreement, signed by both the student and the parent or legal guardian (if the student is under the age of eighteen [18]) is on file. The current version of the computer use agreement is incorporated by reference into board policy and is considered part of the student handbook.

Student use of computers shall only be as directed or assigned by staff or teachers; students are advised that they enjoy no expectation of privacy in any aspect of their computer use, including email, and that monitoring of student computer use is continuous. Students must not disable or bypass security procedures, compromise, attempt to compromise, or defeat the district’s technology network security or Internet filtering software, alter data without authorization, or disclose passwords to other students. Students who misuse district-owned computers or Internet access in any way, including using computers to violate any other policy or contrary to the computer use agreement, or using the computers to access or create sexually explicit or pornographic text or graphics, will face disciplinary action, as specified in the student handbook and/or computer use agreement.

In an effort to help protect student welfare when they navigate the Internet, the district will work to educate students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

### Cell phones and Personal Electronic Devices

A “personal communication device” is any device that emits an audible signal, vibrates, displays a message or otherwise summons or delivers a communication to the possessor.

During the school day, students may use communication devices such as smart phones, iPads, and iPods. However, while in class it is at the teacher’s discretion. MP3 players, PDAs, or pagers, are not allowed to be used while on school property during school hours. For after school activities, the use of these devices shall be at the discretion of the activity sponsor.

Students that are observed to be using any prohibited personal electronic device will have it confiscated. All confiscated devices will be turned in to principal or his/her designee. Confiscated devices will be kept in the office until picked up by a parent or guardian

The principal or his/her designee may grant a student permission to use a personal communication device at the principal's or designee's discretion. The Jasper School District does not assume responsibility for any of these devices that may be lost, damaged, stolen, or confiscated.

Note: The Neighborhood Children's Internet Protection Act (PL 106-554, 47 USC 254 (h) (l)) requires districts to hold at least one public hearing on its proposed Internet safety policy. The regulations do not require this to be a special meeting and it is allowable for it to be part of a regular school board meeting.

## 4.30—SUSPENSION FROM SCHOOL

Students not present at school cannot benefit from the educational opportunities the school environment affords. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days, including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs: at any time on the school grounds; off school grounds at a school-sponsored function, activity, or event; going to and from school or a school activity. A student may be suspended for behavior including, but not limited to that which:

1. Is in violation of school policies, rules, or regulations;
2. Substantially interferes with the safe and orderly educational environment;
3. School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
4. Is insubordinate, incorrigible, violent, or involves moral turpitude.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student.

1. the student shall be given written notice or advised orally of the charges against him/her;
2. if the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts;
3. if the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student's readmittance to class will be given to the parent(s), legal guardian(s), or to the student if age 18 or older prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s), or to the student if age 18 or older or mailed to the last address reflected in the records of the school district.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

It is the parents' or legal guardians' responsibility to provide current contact information to the district which the school shall use to immediately notify the parent or legal guardian upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority:

## 4.31—EXPULSION

The Board of Education may expel a student for a period longer than ten (10) school days for violation of the District's written discipline policies. The Superintendent may make a recommendation of expulsion to the Board of Education for student conduct deemed to be of such gravity that suspension would be inappropriate, or where the student's continued attendance at school would disrupt the orderly learning environment or would pose an unreasonable danger to the welfare of other students or staff.

The Superintendent or his/her designee shall give written notice to the parents or legal guardians (mailed to the address reflected on the District's records) that he/she will recommend to the Board of Education that the student be expelled for the specified length of time and state the reasons for the recommendation to expel. The notice shall give the date, hour, and place where the Board of Education will consider and dispose of the recommendation.

The hearing shall be conducted not later than ten (10) school days following the date of the notice, except that representatives of the Board and student may agree in writing to a date not conforming to this limitation.

The President of the Board, Board attorney, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. Both the district administration and School Board also may be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent, or student if age 18 or older, requests that the hearing be conducted in executive session. Any action taken by the Board shall be in open session.

During the hearing, the Superintendent, or designee, or representative will present evidence, including the calling of witnesses, that gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted. However, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing.

Except as permitted by policy 4.22, the Superintendent shall recommend the expulsion of any student for a period of not less than one (1) year for possession of any firearm prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

## **4.32—SEARCH, SEIZURE, AND INTERROGATIONS**

The District respects the rights of its students against arbitrary intrusion of their person and property. At the same time, it is the responsibility of school officials to protect the health, safety, and welfare of all students enrolled in the District in order to promote an environment conducive to student learning. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. They may also search students and their personal property in which the student has a reasonable expectation of privacy, when there is reasonable suspicion to believe such student or property contains illegal items or other items in violation of Board policy or dangerous to the school community. School authorities may seize evidence found in the search and disciplinary action may be taken. Evidence found which appears to be in violation of the law shall be reported to the appropriate authority.

School property shall include, but not be limited to, lockers, desks, and parking lots, as well as personal effects left there by students. When possible, prior notice will be given and the student will be allowed to be present along with an adult witness, however, searches may be done at any time with or without notice or the student's consent. A personal search must not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.

The Superintendent, principals, and their designees may request the assistance of law enforcement officials to help conduct searches. Such searches may include the use of specially trained dogs.

A school official of the same sex shall conduct personal searches with an adult witness of the same sex present.

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Department of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis on student enrollment forms.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after hours telephone number.

## **4.36—STUDENT ILLNESS/ACCIDENT**

If a student becomes too ill to remain in class and/or could be contagious to other students, the principal or designee will attempt to notify the student's parent or legal guardian. The student will remain in the school's health room or a place where he/she can be supervised until the end of the school day or until the parent/legal guardian can check the student out of school.

If a student becomes seriously ill or is injured while at school and the parent/legal guardian cannot be contacted, the failure to make such contact shall not unreasonably delay the school's expeditious transport of the student to an appropriate medical care facility. ## **4.37—EMERGENCY DRILLS**

All schools in the District shall conduct fire drills at least monthly. Tornado drills shall also be conducted not fewer than three (3) times per year with at least one each in the months of September, October, January, and February. Students who ride school buses, shall also participate in emergency evacuation drills at least twice each school year.

For school-year 2013-14, an annual active shooter drill and school safety assessment may be conducted for all District schools in collaboration, when possible, with local law enforcement and emergency management personnel.<sup>2</sup> Students will be included in the drills to the extent that is developmentally appropriate to the age of both the students and grade configuration of the school.

Drills may be conducted during the instructional day or during non-instructional time periods.

Other types of emergency drills may also be conducted to test the implementation of the District's emergency plans in the event of an earthquake or terrorist attack that might include the use of biological or chemical agents. Students shall be included in the drills to the extent practicable.

Notes: Students who only ride buses occasionally, such as to go to and/or from a field trip will also have to participate in the evacuation drills.

Act 484 of 2013 requires the drills beginning next school-year. However, there was supposed to be funding appropriated to help pay for the training of school personnel, but the funding didn't happen. There is no provision in the act, however, that removes the requirement if funding is not appropriated. Consequently, next year, the drills will be mandatory.

Student involvement will need to be worked out school by school and determined relative to grade and age considerations in conjunction with the actual content of the drill. There may be a drill conducted that don't include any students due to the explicit nature of the drill and the age of the students while a drill in another school would include students.

The intent of the exams or screenings is to detect defects in hearing, vision, or other elements of health that would adversely affect the student's ability to achieve to his/her full potential.

The rights provided to parents under this policy transfer to the student when he/she turns 18 years old.

Except in instances where a student is suspected of having a contagious or infectious disease, parents shall have the right to opt their student out of the exams or screenings by using form 4.41F or by providing certification from a physician that he/she has recently examined the student.

## **4.42—STUDENT HANDBOOK**

It shall be the policy of the Jasper School District that the most recently adopted version of the Student Handbook be incorporated by reference into the policies of this district. In the event that there is a conflict between the student handbook and a general board policy or policies, the more recently adopted language will be considered binding and controlling on the matter provided the parent(s) of the student, or the student if 18 years of age or older have acknowledged receipt of the controlling language.

Principals shall review all changes to student policies and ensure that such changes are provided to students and parents, either in the Handbook or, if changes are made after the handbook is printed, as an addendum to the handbook.

Principals and counselors shall also review Policies 4.45—SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS FOR THE CLASSES OF 2010-11, 2011-12, AND 2012-13 and 4.45.1—SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS FOR THE CLASS OF 2013-14 AND ALL CLASSES THEREAFTER and the current ADE Standards for Accreditation Rules to ensure that there is no conflict. If a conflict exists, the Principal and/or Counselor shall notify the Superintendent and Curriculum Coordinator immediately, so that corrections may be made and notice of the requirements given to students and parents.

**Notes:** ASBA recommends making this page a “pocket” page and inserting your student handbook into the pocket.

The ADE Standards Assurance unit has said there has been a problem with some committees making changes out of alignment with board policy which can make them out of alignment with statutory and/or ADE Rule which creates a probationary cite in a Standards review. They suggest districts should make sure Handbook Committees’ changes align with the student board policy changes. We have not changed the policy regarding the resolution of a conflict between a policy and the handbook because that is accepted legal prioritization.

## 4.43—BULLYING

Respect for the dignity of others is a cornerstone of civil society. Bullying creates an atmosphere of fear and intimidation, robs a person of his/her dignity, detracts from the safe environment necessary to promote student learning, and will not be tolerated by the Board of Directors. Students who bully another person shall be held accountable for their actions whether they occur on school equipment or property; off school property at a school sponsored or approved function, activity, or event; going to or from school or a school activity in a school vehicle or school bus; or at designated school bus stops.

### **Definitions:**

**Bullying** means the intentional harassment, intimidation, humiliation, ridicule, defamation, or threat or incitement of violence by a student against another student or public school employee by a written, verbal, electronic, or physical act that causes or creates a clear and present danger of:

- Physical harm to a public school employee or student or damage to the public school employee's or student's property;
- Substantial interference with a student's education or with a public school employee's role in education;
- A hostile educational environment for one (1) or more students or public school employees due to the severity, persistence, or pervasiveness of the act; or
- Substantial disruption of the orderly operation of the school or educational environment;

**Electronic act** means without limitation a communication or image transmitted by means of an electronic device, including without limitation a telephone, wireless phone or other wireless communications device, computer, or pager that results in the substantial disruption of the orderly operation of the school or educational environment.

Electronic acts of bullying are prohibited whether or not the electronic act originated on school property or with school equipment, if the electronic act is directed specifically at students or school personnel and maliciously intended for the purpose of disrupting school, and has a high likelihood of succeeding in that purpose;

**Harassment** means a pattern of unwelcome verbal or physical conduct relating to another person's constitutionally or statutorily protected status that causes, or reasonably should be expected to cause, substantial interference with the other's performance in the school environment; and

**Substantial disruption** means without limitation that any one or more of the following occur as a result of the bullying:

- Necessary cessation of instruction or educational activities;
- Inability of students or educational staff to focus on learning or function as an educational unit because of a hostile environment;

- Severe or repetitive disciplinary measures are needed in the classroom or during educational activities; or
- Exhibition of other behaviors by students or educational staff that substantially interfere with the learning environment.

**Cyberbullying of School Employees** is expressly prohibited and includes, but is not limited to:

- a. Building a fake profile or website of the employee;
- b. Posting or encouraging others to post on the Internet private, personal, or sexual information pertaining to a school employee;
- c. Posting an original or edited image of the school employee on the Internet;
- d. Accessing, altering, or erasing any computer network, computer data program, or computer software, including breaking into a password-protected account or stealing or otherwise accessing passwords of a school employee; making repeated, continuing, or sustained electronic communications, including electronic mail or transmission, to a school employee;
- e. Making, or causing to be made, and disseminating an unauthorized copy of data pertaining to a school employee in any form, including without limitation the printed or electronic form of computer data, computer programs, or computer software residing in, communicated by, or produced by a computer or computer network;
- f. Signing up a school employee for a pornographic Internet site; or
- g. Without authorization of the school employee, signing up a school employee for electronic mailing lists or to receive junk electronic messages and instant messages.

Examples of "Bullying" may also include but are not limited to a pattern of behavior involving one or more of the following:

1. Sarcastic "compliments" about another student's personal appearance,

3. Mocking, taunting or belittling,
4. Non-verbal threats and/or intimidation such as "fronting" or "chesting" a person,
5. Demeaning humor relating to a student's race, gender, ethnicity or personal characteristics,
6. Blackmail, extortion, demands for protection money or other involuntary donations or loans,
7. Blocking access to school property or facilities,

8. Deliberate physical contact or injury to person or property,
9. Stealing or hiding books or belongings, and/or
10. Threats of harm to student(s), possessions, or others.

Students are encouraged to report behavior they consider to be bullying, including a single action which if allowed to continue would constitute bullying, to their teacher or the building principal. The report may be made anonymously. Teachers and other school employees who have witnessed, or are reliably informed that, a student has been a victim of behavior they consider to be bullying, including a single action which if allowed to continue would constitute bullying, shall report the incident(s) to the principal. Parents or legal guardians may submit written reports of incidents they feel constitute bullying, or if allowed to continue would constitute bullying, to the principal. The principal shall be responsible for investigating the incident(s) to determine if disciplinary action is warranted.

The person or persons reporting behavior they consider to be bullying shall not be subject to retaliation or reprisal in any form.

Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion. In determining the appropriate disciplinary action, consideration may be given to other violations of the student handbook which may have simultaneously occurred.

Notice of what constitutes bullying, the District's prohibition against bullying, and the consequences for students who bully shall be conspicuously posted in every classroom, cafeteria, restroom, gymnasium, auditorium, and school bus. Parents, students, school volunteers, and employees shall be given copies of the notice.

Copies of this policy shall be available upon request.

## **4.44— ATTENDANCE REQUIREMENTS FOR STUDENTS IN GRADES 9 - 12**

Students in grades nine through twelve (9-12) are required to schedule and attend at least 350 minutes of regularly scheduled class time daily. Part of this requirement may be met by students taking post-secondary courses. Eligible students' enrollment and attendance at a post-secondary institution shall count toward the required weekly time of school attendance. Each credit hour shall count as three (3) hours of attendance time. This means a three (3) hour course shall count as nine (9) hours of the weekly required time of attendance.

### Study Halls

Students may be assigned to no more than one (1) class period each day for a study hall that the student shall be required to attend and participate in for the full period. Such study halls are to be used for the purposes of self-study or for organized tutoring which is to take place in the school building.

### Extracurricular Classes

Students may be assigned to no more than one (1) class period each day for organized and scheduled student extracurricular classes that the student shall be required to attend and participate in for the full class period. Extracurricular classes related to a seasonal activity shall meet for an entire semester whether or not the season ends prior to the end of the semester. Students must attend and participate in the class for the entire semester in order to receive credit for the course. For the purpose of this policy, extracurricular classes is defined as school sponsored activities which are not an Arkansas Department of Education approved course counting toward graduation requirements or classes that have not been approved by the Arkansas Department of Education for academic credit. Such classes may include special interest, fine arts, technical, scholastic, intramural, and interscholastic opportunities.

### Course Enrollment Outside of District

Enrollment and attendance in vocational-educational training courses, college courses, school work programs, and other department-sanctioned educational programs may be used to satisfy the student attendance requirement even if the programs are not located at the public schools. Attendance in such alternative programs must be pre-approved by the school's administration. The district shall strive to assign students who have been dropped from a course of study or removed from a school work program job during the semester into another placement or course of study. In the instances where a subsequent placement is unable to be made, the district may grant a waiver for the student for the duration of the semester in which the placement is unable to be made.

In rare instances, students may be granted waivers from the mandatory attendance requirement if they would experience proven financial hardships if required to attend a full day of school. For the purpose of this policy, proven financial hardships is defined as harm or suffering caused by a student's inability to obtain or provide basic life necessities of food, clothing, and shelter for the student or the student's family. The superintendent shall have the authority to grant such a waiver, on a case-by-case basis, only when convinced the student meets the definition of proven financial hardships.

In any instance where a provision of a student's Individual Education Plan (IEP) conflicts with a portion(s) of this policy, the IEP shall prevail.

#### **4.45—SMARTCORE CURRICULUM AND GRADUATION REQUIREMENTS FOR THE CLASSES OF 2010-11, 2011-12, AND 2012-13**

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are 18 years of age or older, sign a *Smart Core Waiver Form* to not participate. While Smart Core is the default option, both a *Smart Core Informed Consent Form* and a *Smart Core Waiver Form* will be sent home with students prior to their enrolling in seventh grade, or when a 7-12 grade student enrolls in the district for the first time and there is not a signed form in the student's permanent record. Parents must sign one of the forms and return it to the school so it can be placed in the students' permanent records. This policy is to be included in student handbooks for grades 6-12 and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the requirements of their IEP (when applicable) to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the time they are required to sign the consent forms.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum **providing** they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents at least every other year to determine if changes need to be made to better serve the needs of the district's students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district's graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means.

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school's annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school's counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the district's students.

The first year of this policy's implementation all employees required to be certified as a condition of their employment shall receive training regarding this policy so that they will be able to help successfully implement it. In subsequent years, administrators, or their designees, shall train newly hired employees, required to be certified as a condition of their employment, regarding this policy. The district's annual professional development shall include the training required by this paragraph.

## 4.47— POSSESSION AND USE OF CELL PHONES AND OTHER ELECTRONIC DEVICES

Students are responsible for conducting themselves in a manner that respects the rights of others. Possession and use of any electronic device, whether district or student owned, that interferes with a positive, orderly classroom environment does not respect the rights of others and is expressly forbidden.

As used in this policy, “electronic devices” means anything that can be used to transmit or capture images, sound, or data.

Misuse of electronic devices includes, but is not limited to:

1. Using electronic devices during class time in any manner other than specifically permitted by the classroom instructor;
2. Permitting any audible sound to come from the device when not being used for reason #1 above;
3. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, or wrongfully obtaining test copies or scores;
4. Using the device to take photographs in locker rooms or bathrooms;
5. Creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person.

Use of an electronic device is permitted to the extent it is approved in a student’s individualized education program (IEP) or it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Before and after normal school hours, possession of electronic devices is permitted on the school campus. The use of such devices at school sponsored functions outside the regular school day is permitted to the extent and within the limitations allowed by the event or activity the student is attending.

The student and/or the student’s parents or guardians expressly assume any risk associated with students owning or possessing electronic devices. Students misusing electronic devices shall have them confiscated. Confiscated devices may be picked up at the school’s administration office by the student’s parents or guardians. Students have no right of privacy as to the content contained on any electronic devices that have been confiscated.

Students who use a school issued cell phones and/or computers for non-school purposes, except as permitted by the district’s Internet/computer use policy, shall be subject to discipline, up to and including suspension or expulsion. Students are forbidden from using school issued cell phones while driving any vehicle at any time. Violation may result in disciplinary action up to and including expulsion

Notes: As districts move toward one-to-one computing and other options for integrating technology into classroom instruction and student learning, ASBA advises that in changing this policy (or any other locally generated policy), districts be mindful of the potential concerns relating to equitable access to the technology. When classroom instruction involves technology devices, it is important to make sure all students have reasonably the same access and are not hampered by their socio-economic status. Permitting or requiring students who own laptops, iPads or any other such device to use them as part of the instructional/learning environment without providing similar devices to those who don't own or have access to such devices is unfair to those students.

#### **4.48—VIDEO SURVEILLANCE**

The board has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras. The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of privacy is reasonable and customary.

Signs shall be posted on campus buildings and in district vehicles to notify students, staff, and visitors that video cameras may be in use. Parents and students shall also be notified through the student handbook that cameras may be in use in school buildings, on school grounds and in school vehicles. Students will be held responsible for any violations of school discipline rules caught by the cameras.

The district shall retain copies of video recordings until they are erased which may be accomplished by either deletion or copying over with a new recording.

Videos containing evidence of a violation of student conduct rules and/or state or federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal [as determined by board policy or student handbook](#); any release or viewing of such records shall be in accordance with current law.

Students who vandalize, damage, disable, or render inoperable (temporarily or permanently) surveillance cameras and equipment shall be subject to appropriate disciplinary action and referral to appropriate law enforcement authorities.

#### **4.49—SPECIAL EDUCATION**

The district shall provide a free appropriate public education and necessary related services to all children with disabilities residing within the district, required under the Individuals With Disabilities Education Act (“IDEA”), Section 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act, and Arkansas Statutes.

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in state and federal statutes which govern special education. Implementation of an Individualized Education Program (IEP) in accordance with the IDEA satisfies the district's obligation to provide a free and appropriate education under Section 504.

The Board directs the superintendent to ensure procedures are in place for the implementation of special education services and that programs are developed to conform to the requirements of state and federal legislation. The superintendent is responsible for appointing a district coordinator for overseeing district fulfillment of its responsibilities regarding handicapped students. Among the coordinator’s responsibilities shall be ensuring district enforcement of the due process rights of handicapped students and their parents.

#### **4.50—SCHOOL LUNCH SUBSTITUTIONS**

The district only provides substitute meal components on menus to accommodate students with handicapping conditions meeting the definition of a disability as defined in USDA regulations. A parent/guardian wishing to request such a dietary accommodation must submit a Certification of Disability for Special Dietary Needs Form completed by a licensed physician to the district's Director of Child Nutrition.

The district will not prepare meals outside the normal menu to accommodate a family's religious or personal health beliefs.

## 4.51— FOOD SERVICE PREPAYMENT

The district does not offer credit for food items purchased in the school cafeteria; payment for such items is due at the time the food items are received. Parents or students choosing to do so may pay weekly or monthly in advance for students' meals.

Notes: The federal Fair and Accurate Credit Transaction Act of 2007 (15 USC. § 1601 *et seq.*), along with its accompanying regulations (16 CFR 681, effective 5/1/2009), require “creditors” to implement an Identity Theft Protection Program. This is a financial and potentially time-consuming burden that districts can avoid by not having practices deemed to make them “creditors.” This is accomplished by the language in this policy. It is **not** intended to be as draconian as it sounds. While districts cannot allow students or parents to routinely pay for meals at the end of the month, districts are **not** prohibited from feeding the student who happened to forget his/her lunch money at home or whose parents don't get paid until the end of the week. Hungry students are seldom learning students.

This policy is similar to policy 7.17. If you change this policy, please review 7.17 at the same time to ensure applicable consistency between the two.

# STUDENT DRUG TESTING POLICY

## MISSION STATEMENT

The Jasper School District recognizes that drug abuse is a significant health problem for students, detrimentally affecting overall health, behavior, learning ability, reflexes, and the total development of each individual. The Jasper Board of Education is determined to help students by providing another option for them to say “No”. Drug abuse includes, but is not limited to, the use of illegal drugs, alcohol, and the misuse of legal drugs and medications.

## DEFINITIONS

**Drug:** Any substance considered illegal by Arkansas Statutes or which is controlled by the Food & Drug Administration unless prescribed by a licensed physician.

**Activity Programs:** Any Activity that meets the guidelines of the Arkansas Activities Association and/or sponsored by the Jasper School District. This includes all school sponsored academic, athletic/spirit and student groups.

**School Year:** From the first day of classes in the fall, unless the activity begins prior to the first day of classes, in which event, from the first day of practice through the last day of classes in the spring.

## POLICY STATEMENT

Jasper School District (“the district”) conducts a mandatory drug-testing program for students. Its purpose is threefold: (1) to provide for the health and safety of students in all Activity Programs 7-12 and students who park on campus; (2) to undermine the effects of peer pressure by providing a legitimate reason for students to refuse to use illegal drugs; and (3) to encourage students who use drugs to participate in drug treatment programs.

## PROCEDURES FOR STUDENTS

**Consent:** Each student wishing to participate in any activity program or park on campus, and the student’s custodial parent or guardian, shall consent in writing to drug testing pursuant to the District’s drug testing program. Written consent shall be in the form attached to this policy. No student shall be allowed to participate in any activity program or park on campus absent such consent.

## SELECTION PROCESS

**Student Selection:** Random testing will be conducted monthly during the school year. Selection for random testing will be by lottery drawing from a “pool” of all students participating in activity programs or who park on campus in the district at the time of the drawing. The number of names drawn will be no less than 2% and no greater than 15% of the population.

The superintendent or designee shall take all reasonable steps to assure the integrity, confidentiality and random nature of the selection process including, but not necessarily limited to, assuring that the names of all participating students are in the pool, assuring that the person drawing names has no way of knowingly choosing or failing to choose particular students for the testing, assuring that the identity of students drawn for testing is not known to those involved in the selection process and assuring direct observation of the process by the least intrusive means possible while assuring brevity and privacy.

**Refusal to Submit to Testing or Adulteration of Sample:** Any student selected who refuses to submit to random drug testing and/or re-testing, who adulterates a sample, or violates the policy in any way will be subject to the provisions of a positive test.

**Concerned Parent:** A concerned parent may request a home drug testing kit from the school principal. These kits test for a variety of illicit and prescription drugs including, but not limited to: marijuana

(THC), cocaine, opiates (heroin), methamphetamines, benzodiazepines, and oxycodone. This test is done in the privacy their own home and only parents know these test results.

### **SAMPLE COLLECTION**

Samples will be collected at a scheduled time on the same day the student is selected for testing or if the student is absent on that day, on the day of the student's return to school. If a student is unable to produce a sample at any particular time, the student will remain until a sample is provided.

All students providing samples will be given the option of doing so alone in an individual stall with the door closed.

### **TESTING AGENCY**

The district will choose a qualified agency for the purpose of processing sample results and maintaining privacy with respect to test results and related matters.

### **PRESCRIPTION MEDICATION**

Students who are taking prescription medication may provide a copy of the prescription or a doctor's verification, which will be considered in determining whether a "positive" test has been satisfactorily explained. That documentation will be forwarded to the testing lab with instructions for the lab to consider the student's use of such medication to assure the accuracy of the result. Students who refuse to provide verification and test positive will be subject to the actions specified below for "positive tests."

### **SCOPE OF TESTS**

Student samples will not be screened for the presence of any substances other than an illegal drug or for the existence of any physical condition other than drug intoxication. As a quality control measure, the school reserves the right to send any urine sample that appears unusual in color and/or consistency to a laboratory for testing and confirmation or non-confirmation.

### **RECORDS**

The results of drug tests pursuant to this policy will not be documented in any student's academic records. The results will be reported only to the superintendent or his designee. All records concerning chemical abuse testing will be maintained by the Superintendent or his/her designee in a separate, locked file. The files on each student will be destroyed upon graduation or two years after termination of enrollment. A student and the student's custodial parent/legal guardian may obtain a copy of his/her chemical abuse testing records upon written request.

### **PROCEDURES IN THE EVENT OF A POSITIVE RESULT**

Whenever a student's test result indicates the presence of illegal drugs ("positive test"), the following will occur: If the sample tests positive, a custodial parent or legal guardian will be notified and a meeting will be scheduled with the Superintendent or his designee, the student, the custodial parent or legal guardian, and the student's principal and head coach or sponsor.

### **FIRST POSITIVE RESULT**

For a positive result, the student will be placed on probation and not be allowed to participate in competitions, presentations and activities of Jasper School District or park on campus for a period of twenty days. The student will be recommended for counseling, if any charge is incurred, it will be the responsibility of the parents.

On day twenty-one, the student will be allowed to be retested (at the expense of parent-guardian). If the tests results are found to be negative, the student will again become eligible for competitions, presentations and activities relating to Jasper School District and parking on campus. However, the student must submit to a mandatory school drug screen or lab test on a monthly basis at the expense of the parent/guardian for the next three months.

A student may be required to practice or participate in off-season activities at the head coach's or sponsor's discretion. He/she cannot compete or dress out for any competition.

### **ALTERNATIVE FIRST OFFENSE**

With the consent of the student and his or her parents/guardians, the superintendent or designee may reduce the suspension so that the student is only prohibited for participating in covered activities for a total of ten (10) participation days as long as the student meets the following requirements:

1. Within one (1) week of the conference, the student must receive or be enrolled in substance abuse counseling or School Based Mental Health services. The parents/guardians are responsible for all costs associated with the counseling. The parent/guardian must provide written verification that the student has been seen for counseling at least once before the student is allowed to begin participation again. If the student does not attend counseling as promised, the district will immediately implement the original consequences.
2. The student will be required to submit to drug tests for the rest of the school year at the expense of the parent/guardian.  
On day eleven, eligibility will be restored provided student submits to a school test with negative results.

### **SECOND POSITIVE RESULT**

For the second positive result in the same year or any two consecutive calendar years, the student will be suspended from participating in activities or parking on campus for 90 school days.

### **ALTERNATIVE SECOND OFFENSE**

With the consent of the student and his or her parents/guardians, the superintendent or designee may reduce the suspension so that the student is only prohibited from participating in parking and district sponsored activities for a total of forty-five (45) school days as long as the student meets the following requirements:

1. Within one (1) week of the conference, the student must receive or be enrolled in the substance abuse counseling or School Based Mental Health services. The parents/guardians are responsible for all cost associated with the counseling. The parent/guardian must provide written verification that the student has been seen for counseling at least once before the student is allowed to begin participation again. If the student does not attend counseling as promised, the district will immediately implement the original consequences.
2. The student will be required to submit to monthly drug test for the rest of the school year at the expense of the parent/guardian.

### **THIRD POSITIVE RESULT**

For the third positive result, the student will be suspended from participating in activities or parking on campus for the remainder of his enrollment with the district. The parent/guardian may appeal to the superintendent.

### **NON-PUNITIVE NATURE OF POLICY**

No student shall be penalized academically for testing positive for illegal drugs. Information regarding the results of drug tests will not be disclosed to criminal or juvenile authorities absent legal compulsion by valid and binding subpoena or other legal process, which the district shall not solicit. In the event of service of any such subpoena or legal process, the student and the student's custodial parent or legal guardian will be notified as soon as possible by the district.
